Note 1 - Indicated online revenue is not included in the totals for Reported Media or Total Estimated Advertising to avoid double counting with the revenue reported by the IAB in the Internet section. | Note 2 - While online revenue is not double counted in the totals, the share figures for each medium include the revenue generated by their online properties. The Internet share number includes online revenue for all media therefore the share figures overlap and will sum to greater than 100%. | Note 3 - Dailies changed the methodology for calculating their breakdown in 2010. In 2012 revenue from free papers was added to the total. | Note 4 - IAB revised revenue category definitions with the 2020 report. Please refer to the 2019 NAV report for prior years data purposes. | Note - Some figures may differ from previous charts due to updates from source. Broadcast revenue is based on the broadcast calendar (Sep-Aug). All other figures are based on calendar year.
